### INTERIORS

## SEEING IS BELIEVING

Kai Yu homes are built by skilled craftsmen who take great pride in their work. Where people notice this craftsmanship the most is the interior detail and quality. We pay close attention to every aspect of the design including the elaborate kitchens, rich hardwood floors, functional built-in cabinets, luxurious bathrooms, imported tile, finely finished trim work, elegant stairways, detailed ceilings, magnificent lighting, interior doors, and exquisite basement creations.

Our interiors are unique, designed to impress, and built to suit your specific tastes. You'll notice the difference as soon as you walk in the front door. These homes are true masterpieces, with a rare artistic appeal. Built with care from the foundation up, a Kai Yu home will provide a lifetime of enjoyment for your family.

If you've never seen one of our homes, we encourage you to browse through our interior photo gallery above. Simply click on each thumbnail to bring photo into focus. Though these high quality photos show a great amount of detail, we encourage you to call us to schedule a tour of one of our properties currently under construction and experience the Kai Yu difference for yourself.
